

2025 SEAS Monmouth Columbus Weekend
Friday October 10 – Monday October 13
Cruise & Cruising Course Information and Registration Form

Additional Information

For both the Cruise and the Cruising Course, the itinerary will begin on Friday evening, October 10, with your arrival at the boats in Rock Hall, Maryland at Haven Harbour Marina on Swan Creek. We will depart on Saturday morning, October 11, for our three-day cruise, returning on Monday, October 13 in the afternoon. We'll spend one evening with our four boats rafted-up at anchor in a quiet cove enjoying the sunset and refreshments. The other evening we'll dock and go ashore at one of the many Chesapeake's towns such as Annapolis, St. Michaels, Baltimore Inner Harbor, or elsewhere. The actual destinations will be determined that weekend after consultation amongst the skippers and review of the weather forecast for the weekend.

If you have never been on a cruising boat before, your skipper will brief you beforehand with what to expect, what to bring, and what not to bring. A couple of notable items: non-marking shoes (white soles preferred) and soft-sided luggage (duffels). There is no storage room aboard for hard-side luggage. You will be hands-on participating in all duties aboard from sailing to food prep and clean-up. The boats are in the 38'-41' range with 5 people aboard each cruising boat and either 5 or 6 people aboard each cruising course boat.

The Chesapeake on-water portion of the Cruising Course provides you with an opportunity to put into practice everything you've learned in the classroom sessions, by spending a 3-day weekend on a cruising boat in the 38'-41' range, operating the boat during the day and sleeping aboard at night (*the cruising course boats follow the same weekend itinerary as the cruise.*) There will be two experienced SEAS skippers/instructors aboard each cruising course boat, with either three or four students aboard.

Costs

All costs are per person. There are two components to what we collect:

1. The cost of the charter itself. This is the anticipated final cost for the weekend, other than food and some incidentals such as fuel and any slip fees if the boat goes into a marina for one of the nights. The cost for the cruising course also includes all instructional materials and the course fee. One cruising course boat will have a total of 6 people aboard and the other cruising course boat will have 5 people. The two cruise boats will each have 5 people per boat.
2. We must provide a security deposit to the charter company. This covers damages (if any is incurred) to the boats during the weekend, up to a predetermined limit. SEAS Monmouth funds a portion of the security deposit and would also assume a portion of the cost in the unlikely event any damages are incurred. Any damage costs incurred are spread equally amongst all participants, not just those on the affected boat. Security deposit funds remaining post trip are refunded equally to all by check a few weeks after the cruise.

Registration Deadline is August 1, 2025

If we do not have enough people to fill all boats, we will cancel the unfilled boats on August 2.
